	Doc Ref:	PP/009	Issue No:	1	Doc Date:	24-03-2020	
	Doc Title:	<b>Pesticides Policy</b>					

Gerak Saga Sdn. Bhd. (henceforth known as the Company) is committed to complying with the Malaysian Pesticides Act and the Forest Stewardship Council (FSC) best practices. The Company shall endeavour to adopt an environmental-friendly approach to forest plantation management on the use of chemical pesticides.

This policy refers specifically to Criterion 10.7 under Principle 7 of the FSC National Forest Stewardship Standard of Malaysia;

1. The Company shall not use any chemical pesticides prohibited by the FSC Policy.
2. The Company shall adopt, where possible, environmental-friendly non-chemical methods of pest management and strive to avoid the use of chemical pesticide.
3. When pesticides are used, the Company shall prevent, mitigate and/or repair damage to environmental values and human health according to the approved procedures.
4. Where the use of pesticides within the plantation is necessary, the appropriate training and equipment shall be provided by the Company to minimize health and environment risks and the storage of such pesticides and disposal of empty containers shall follow the approved procedures.
5. The Company shall not use a chemical that is banned by international agreement.
6. The Company shall not use pesticides that are persistent and whose derivatives remain biologically active and remain in the food chain beyond their intended use.
7. The Company prohibits the use of WHO Type 1A and 1B and chlorinated hydrocarbon pesticides.
